

Clinical hospital "Lapino", Moscow reviews

Hi all. So I decided to write a review about the clinic, which met for a long time for 9 months where he was the COP. What to say.... Very expensive... the convenience of the location the Clinic is located far enough from the road took me about an hour at least. But they have own first. Read more 3 I have medical education. Certainly was the practice in the maternity ward. Watching a natural childbirth, with the incisions of the perineum and without I decided for myself that my pregnancy will only be completed by cesarean section. To read
